

Portfolio At-A-Glance

Q1 2021

Welcome

This guide is intended to be a digital replication of the Zebra-at-a-Glance brochure.

Below are a few tips to guide you through the best way to use this document. Products can be found two ways:

1. Industry/Vertical
2. Product Category

Additional information such as Solutions, Zebra DNA, Zebra One Care, Visibility Services and Signature Services can be found under 'Software and Services'.

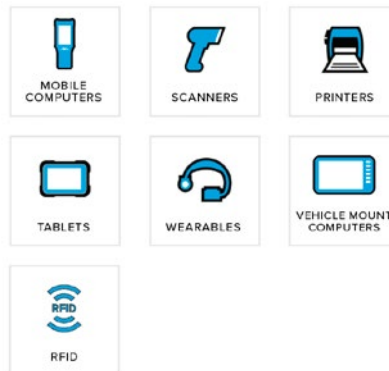

Rollover the top navigation buttons to reveal the sub-navigation.

Click on the top navigation to hide the sub-navigation.

Each Industry has an Introduction page with a subset of navigation buttons featuring product categories within that industry.

Once within the industry section, a breadcrumb navigation is up top as well as a side navigation to help guide you to any product category within the industry as you explore.

Product pages feature a portfolio of products rated as 'good', 'better' or 'best' as well as icons for each industry the product is applicable for. Clicking on the industry icon will send you to the industry page that features multiple products available.

Field Mobility

Mobile Technology for Energy and Utilities

Field workers for utilities, oil and gas, and telecommunications need the right tools to capture, assess and share critical data in the harshest of conditions. Zebra provides field workers with an ecosystem of ruggedized, purpose-driven mobility solutions to give them access to current data with real-time guidance through collaborative mobile workflows. Our industry-leading mobility solutions are compliant with the highest levels of security and available in options built for use in explosive environments to help field workers meet heightened service demands and gain a performance edge at the front line of service.

Mobile Computers

Versatility and velocity go hand in hand

So smart, these multi-taskers speed up work. And a familiar interface is one you'll immediately recognize and know how to use. But unlike consumer devices, they won't fail you. They are made for work—tough-as-nails and ultra-secure.

 **BEST**

 **BETTER**

 **GOOD**

General Purpose Scanners

Data capture for every worker and environment

Jobs may differ, but workers' needs remain the same: split-second, fail-proof, error-proof scanning. Give them the scanners made to increase productivity, no matter what their environment or challenge.

Cordless Ring Scanners

Mobility you can comfortably wear... anywhere

The rush is on. Free up workers to handle more. Watch how productivity skyrockets and accuracy surges. Hands down, these are the best hands-free solutions.

Print Confident. Print Secure. Print Zebra.

You don't have time for printer failure. Printers should perform flawlessly, almost invisibly. But when they're down, so are your operations. Remove the hassle with Zebra.

From simplified set-up to quality construction to performance-enhancing Print DNA software toolset – our printers are designed to be self-reliant, durable, and endlessly eager to work. Going beyond just hardware, they deliver the autonomy, intelligence – and unlike other brands, security – that give you peace of mind and a genuine sense of protection.

Print with confidence knowing you have a partner with 50 years of thermal printing innovation by your side.

Don't compromise.
Get it all with Zebra.

Desktop Printers

Made to fit your needs, space and budget

Zebra desktop printers are compact, simple to operate and offer the durability your business demands for low- to mid-volume printing. Don't sacrifice performance for savings, Zebra has a desktop printer at every price point for all your barcode label, receipt, wristband and RFID applications.

Rugged Enterprise Tablets

Extremely tough, exceptionally tailored

When you're committed to a higher standard, you need a tablet that's not only rugged, but also smart and tailored to your way of working—a purpose-built tablet perfectly matched and personally customized. The features and form factors of Zebra tablets are designed to expedite your everyday tasks your way, inside the four walls and outside in the harshest environments.

Full potential. As promised.

While the promise of RAIN RFID has been enticing, it wasn't always practical. Now, the long-awaited potential of consistent and reliable RFID is here and within reach. Get robust gains without the pains.

Leverage Zebra's decades of expertise, design thinking, and software development to achieve maximum RAIN RFID efficiency, while minimizing the pains of multi-vendor solutions. Unlike other players, Zebra gives you the industry's broadest, field-proven RAIN RFID portfolio for unmatched accuracy and interoperability. Connect it all and create a platform that elevates every system, device, tag, and worker.

Now you're in command, but not on your own. With an ecosystem of support and partners to guide you, the way forward is clear.

Fixed Readers, Setup Wizard and Software

Next level inventory visibility

Make sure the right asset is in the right place at the right time with Zebra's complete RAIN RFID portfolio—the deepest and widest in the industry.

RAIN RFID Fixed Readers

RFID Reader Software

You don't have to be an expert to set up and optimize Zebra RAIN RFID readers. Our tools help you every step of the way—easily configure and deploy your RFID readers with no need for complication or delays.

123RFID Desktop

Make RFID deployments as easy as 1, 2, 3

Our free, intuitive wizard presents easy-to-understand options in drop-down menus, radio buttons and sliders. Use built in help and how-to-videos to find answers to your questions.

FX Connect

Lower IT burden, faster RFID implementation

Quickly and easily configure and deploy FX Series fixed RFID readers without the need for API's or application development.

Network Connect

Seamless, secure connections to programmable logic controllers (PLC's)

Connect Zebra FX9600 Fixed RFID Readers to the most widely used Industrial Ethernet protocols and other standard networks without additional conversion hardware.

Cloud Connect™ for RFID

Enjoy a lower TCO

Cloud connectivity built directly into RFID readers to enable streamlined workflows and advanced analytics with a lower TCO.

RAIN RFID Antennas

Quickly and accurately track inventory and assets. Our robust antennas offer the High-performance and range needed for high traffic and precision.

Handheld RAIN RFID Readers and RFID-enabled Barcode Scanners

Out of sight is now never out of reach

Track, trace and inventory assets in real time. Choose from sleek handhelds, hands-free devices, rugged form factors and RAIN RFID sleds. Below are just a few ways to easily and accurately handle RAIN RFID.

123RFID Mobile

[Get RFID deployment mobility](#)

Leverage 123RFID mobility for more flexible deployment and easier access to our free, intuitive wizard.

RAIN RFID Printer Encoders

Accurate and scalable RFID encoding

Your solution depends on reliable data. Zebra offers the industry's widest range of printers that accurately encode RAIN RFID labels, tags and cards where and when you need them. Build your solution on RFID data you can trust.

Healthcare

Data Connectivity and Communication Matter

Provide patient-centric care with purpose-built healthcare technology. Ensuring the right patient receives the right care at the right time is critical. Zebra's healthcare technology solutions help your care team provide a higher level of patient care by connecting them to the patient data, clinicians and providers they need, in real time.

Zebra is at the forefront of innovating the latest technology solutions in healthcare—from patient identity to mobile healthcare and real-time intelligence—empowering front line staff with a performance edge to deliver the best patient care.

Mobile Computers

The ultimate touch computing for clinical mobility

Zebra delivers the ultimate in touch computing for today's healthcare workers. You get the mobile computing, clinical collaboration and data capture features you need to provide every patient with the highest quality care.

 **BETTER**

 **GOOD**

Scanners

Zebra's advanced healthcare scanners help redefine patient care

In healthcare, there's no room for error. Zebra's scanners simplify caregivers' interactions with their patients. Scanning applications, though routine in nature to the caregivers, help prevent medical errors, improve patient safety and increase productivity. With imaging technology automating many of the caregivers' administrative requirements, caregivers can focus on the needs of the patient.

Ultra-rugged design

Highest drop and tumble specifications

Dust proof, spray proof, waterproof, IP65 & IP67 sealing

Built to withstand extreme heat, cold, and humidity

MP7000

High throughput point of sale environments

Reduces power use and minimizes breakdown and maintenance costs

Go beyond the barcode with advanced features, management tools and Color Camera imaging

> BETTER

DS4600 Series

Class-leading performance, large sweet spot and industry-leading decode range

DS9300 Series

Designed for hands-free scanning; compact enough to be handheld when needed

Class-leading performance and High-performance swipe capability

CS60 Series

Easily converts between corded and cordless, hands-free and handheld operation

Adapts to any workflow for superior investment protection

> GOOD

DS2200 Series

Attractive price point

First time, every time scanning on essential 1D and 2D barcodes

Desktop Printers

Made to fit your needs, space and budget

Zebra desktop printers are compact, simple to operate and offer the durability your business demands for low- to mid-volume printing. Don't sacrifice performance for savings, Zebra has a desktop printer at every price point for all your barcode label, receipt, wristband and RFID applications.

> BEST

ZD620*

Easy configuration and printer management with the optional color LCD and 10-button user interface

Field installable media and connectivity options

Simple to set up, manage and secure with Print DNA software

Certified Supplies

Exceptionally Consistent, Consistently Exceptional

Printing supplies can impact everything from printhead lifespan to operational efficiency. That's why we produce our own line of thermal printing supplies to ensure consistent, optimized performance in your Zebra printer—and peace of mind for you.

With Zebra Certified Supplies, you get:

Unmatched thermal printing expertise: Over 30 years of experience in producing products of exceptional quality

Exceptional service: Zebra has the scale and infrastructure to meet your printing supply needs quickly and effectively

Consistently outstanding quality: We subject every item to rigorous testing, ensuring premium craftsmanship and durability

Increased efficiency and productivity: Because our printing supplies are so consistent, workers experience fewer hassles and require less IT assistance, reducing downtime

Lower total cost of ownership: Wear and tear is reduced, and the need to reprint and replace labels due to poor quality is virtually eliminated

Flexibility and convenience: We can deliver custom solutions or choose from over 500 in-stock products ready for immediate dispatch with our ZipShipSM service

Zebra Solutions

The Zebra Savanna™ platform aggregates and analyzes data from Zebra edge devices to reveal actionable workflow insights, powers next-gen applications and solutions that deliver best-action guidance, and integrates with existing hardware, software and data ecosystems to give you a more complete picture of your business.

Additionally, the Zebra Savanna public, unified APIs and developer tools enable partners and developers to leverage edge data to build secure, scalable digital services with ease and speed.

Zebra SmartPack™

Powered by Zebra Savanna™

Increase your visibility into load utilization and reduce critical handling times with Zebra SmartPack.™

Monitor every inbound and outbound data from cross docks with trailers to loading stations with air cargo containers. With Zebra SmartPack proactively decrease expenses and increase performance by identifying and responding to problems. Generate ROI and efficiencies while reducing costs no matter where (or how) you ship your freight.

Zebra SmartLens®

Powered by Zebra Savanna™

Sense and record the location and movement of virtually everything in your retail store and turn that data into easy-to-read actionable intelligence that delivers real competitive advantage and minimizes shrink and operational costs.

Zebra MotionWorks®

Powered by Zebra Savanna™

Get technology that gives you a competitive edge with Zebra MotionWorks® location solutions. It not only tracks all your critical assets, people and goods, but delivers the kind of actionable insights that ramp up productivity, boost efficiency and, ultimately, improve your business.

Zebra Workforce Connect™

Powered by Zebra Savanna™

Add powerful PBX-based voice, push-to-talk and messaging features to Zebra mobile devices, allowing you to provide your workers with a single device for application access, communications and collaboration.

Zebra OneCare™

Zebra OneCare™ Maintenance and Support Plans*

Constant peak performance and device uptime. That's the upside of protecting your investment with Zebra OneCare™ services. Reduce device vulnerabilities, eliminate unexpected disruptions and unbudgeted repair expenses while enabling predictable performance, critical operations and improved business outcomes. Never one-size-fits-all, select the plan that will best help you serve your strategic vision and operational needs. Plus, you can optimize your service with flexible enhancements providing expedited repair shipping, battery maintenance, device commissioning, cloud-based device visibility and more. All Zebra OneCare contracts for Zebra Mobile computers and scanners include VisibilityIQ™ OneCare** to give you superior cloud-based visibility to view device reports on repairs, support cases, contracts, LifeGuard for Android™ reports and more, via the VisibilityIQ™ cloud-based tool.

Zebra OneCare Technical and Software Support (TSS)

Available if a repair contract is not purchased, resolve your technical support issues and get access to the latest software updates. Access to restricted software, including LifeGuard, 8x5 local time live-agent support and 24x7 self-service access to Zebra's comprehensive library of support materials and entitled firmware updates. Zebra OneCare TSS provides support for SW applications, both OEM and third-party.

Zebra OneCare Special Value (SV)

Right-priced protection for your Zebra value tier devices. Coverage for normal wear and tear and device failures, 8x5 local time live-agent technical support, 5-day repair turnaround time plus optional accidental damage repair coverage.

Zebra OneCare Essential

Core service assurance. Comprehensive repair services cover accidental damage plus normal wear and tear, access to restricted software including LifeGuard security updates, 8x5 technical support, 24x7 online access to additional support materials and tools, 3-day repair turn-around time, VisibilityIQ OneCare,** and access to the Device Diagnostic Tool.***

Zebra OneCare Select

Maximum protection. Includes all features of Zebra OneCare Essential PLUS 24/7 tech support, next day 'like-new' device replacement pre-loaded with your software, applications, OS and LifeGuard version so your device is ready to go out-of-the box.

Zebra OneCare On-Site Support

If you require repair services on-site at your facility, Zebra's Certified Service Technicians will come to your location. A Zebra-trained and certified service technician will be dispatched to your facility with just one call.

* Service availability, Service feature and/or repair turn-around time may differ by country. Please contact your Zebra sales representative for details.

*** Zebra Mobile Computers

Zebra **VisibilityIQ**[™]

Powered by Zebra Savanna[™]

Zebra **VisibilityIQ**[™] Services

Zebra's VisibilityIQ[™] services provide deep cloud-based insight into your devices to tell you how your devices are performing, so you can decide what next steps you can take to improve your operations and maximize productivity. Without clear, comprehensive data from the mobile devices that run your business, you're in the dark trying to compensate with manual tracking, excessive inventory and repair.

VisibilityIQ gives you the data-driven, actionable insight when and how you need it. Get a clear view into how your devices are performing and know what next steps can push up productivity and drive down costs.

Zebra **VisibilityIQ**[™] Foresight

Powered by Zebra Savanna[™]

Go beyond an EMM and view full operational aspects of your devices from a single cloud-based dashboard view. If you don't have an EMM, Zebra's VisibilityIQ Foresight IoT¹ service presents device data visibility to the same cloud-based business intelligence tool with its ZDS agent on your Android[™] device.

Zebra **VisibilityIQ**[™] DNA

Powered by Zebra Savanna[™]

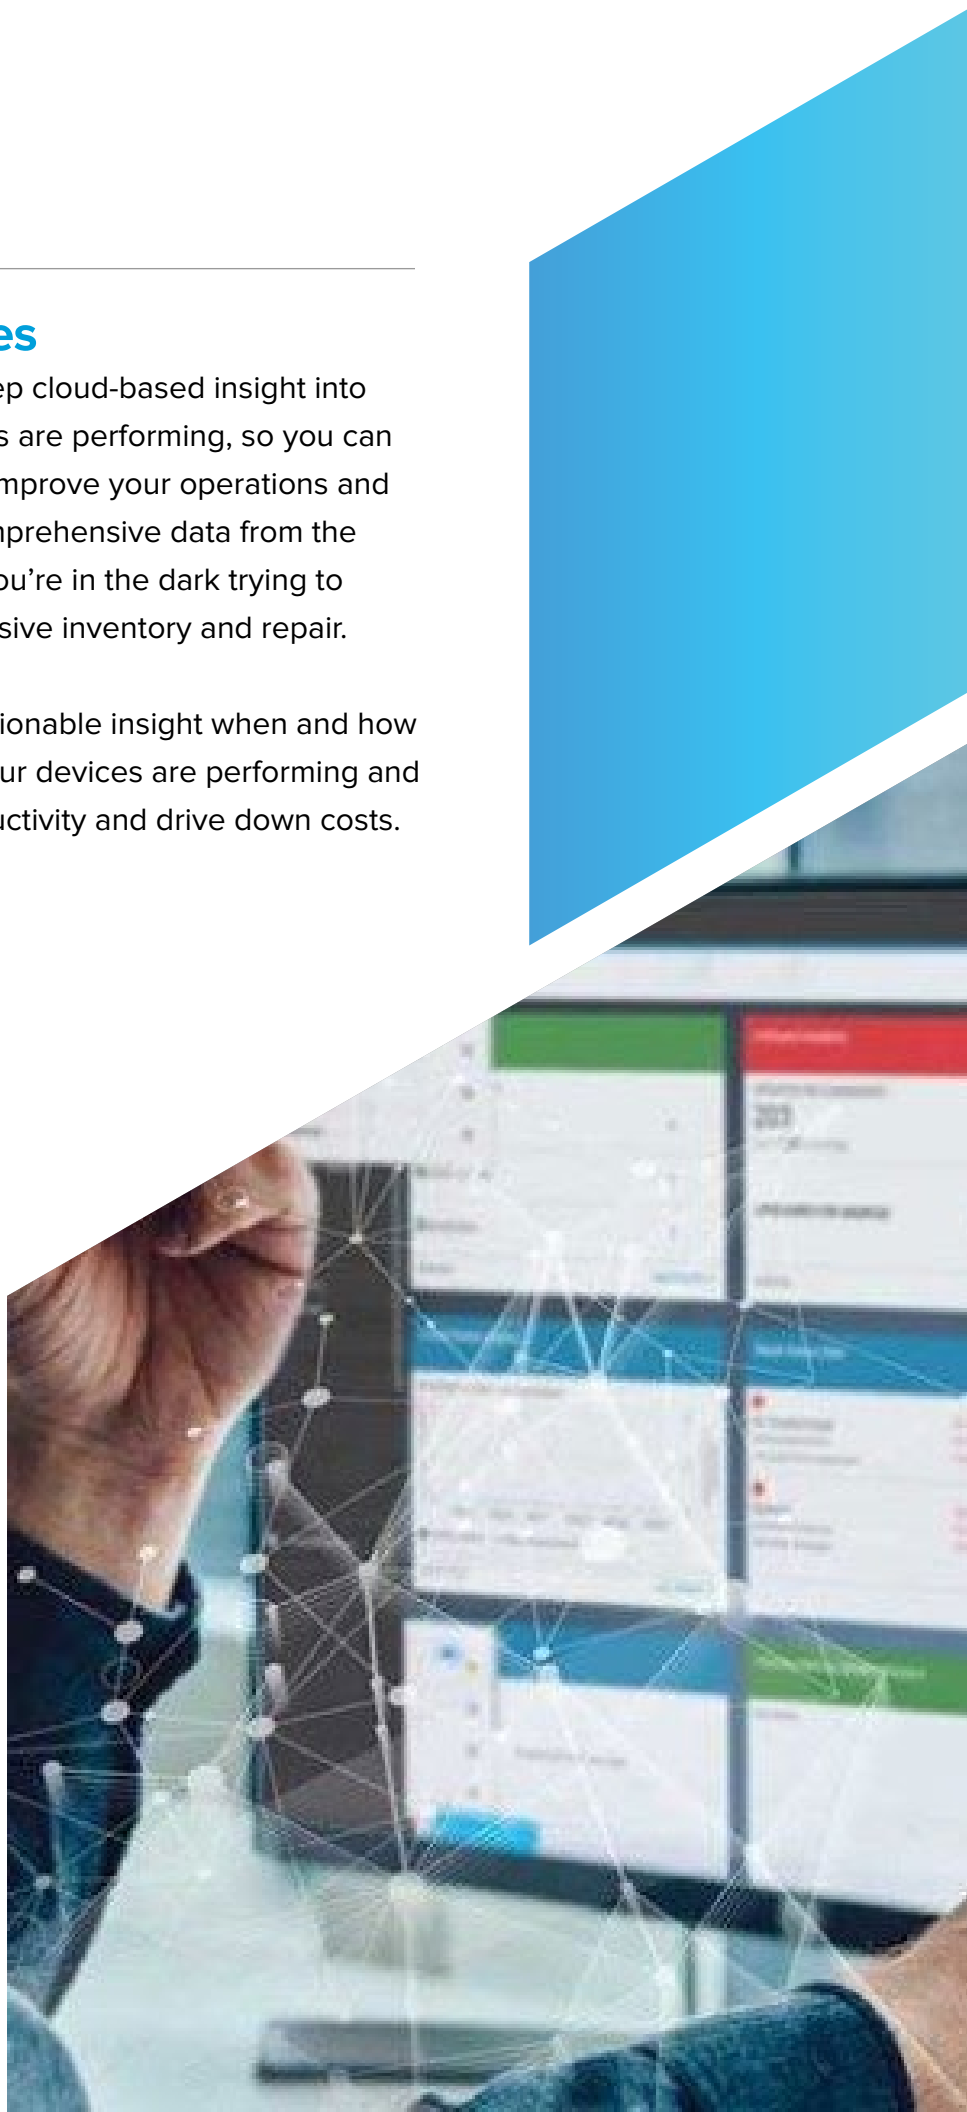

Peer inside your hardware for answers to key DNA efficiency.

Zebra **VisibilityIQ**[™] OneCare[™]

Powered by Zebra Savanna[™]

Included in all Zebra OneCare[™] support contracts for Zebra mobile computers and scanners, the cloud-based tool provides status of device repairs, technical issues, contracts, case reports and software, and LifeGuard[™] Analytics and more.

¹Mobile computers only

Zebra DNA[®]

Zebra DNA is the intelligence—software, apps and utilities—inside our devices that transform them into a true enterprise solution.

Mobility DNA[™]

It takes more than hardware to make business run. It takes an entire software ecosystem formulated for the workforce, managers, IT staff and developers. Starting with superior technology genes, Mobility DNA evolves a new, more highly advanced species of enterprise mobility for Android devices.

Signature Services

Data insights from the technologies at the edge of your network can open up a world of new commercial opportunities. But without the right skills or resources, you could miss out on the full benefits.

Zebra Signature Services has nine capabilities that will help accelerate your ability to unlock intelligence from your data, so you can run your business more productively.

Software Integration

Combines Zebra expertise in mobility, edge-data technology, and business logic workflow with integration best practice for quicker project success.

Learning as a Service

Gives employees the knowledge to embrace new data solutions on day one and beyond so they can deliver rapid ROI.

Workflow and Design Consulting

Uses time-tested methodologies to analyze business processes, existing infrastructure and technology, and recommend how to optimize workflows using intelligent edge solutions.

Program Management

Ensures your large Zebra deployment will be implemented comprehensively, with expertise earned from 40 years of leadership in connected edge technologies.

Solution Validation

Offers the assurance that any new data solution is compatible and validated for Zebra devices, minimizing delays and maximizing ROI.

Solution Jumpstart

Creates the “art of the possible” so businesses can visualize a new data solution and demonstrate proof of concept.

Specialized Technology

RFID Design

Improves the speed, cost, and probability of success of any RFID project to deliver the expected improvements in business performance.

Voice Enablement

Unites voice capabilities with mobility technologies to expand connectivity and reduce devices across any enterprise.

MotionWorks Signature Service

Accelerates the design and deployment of any MotionWorks location solution, so businesses can build a competitive advantage with unprecedented visibility across their enterprise.
